

Teacher Appreciation Bookmark & Gift Card Holder

1. Print design on 8.5" x 11" white cardstock
2. Use the crop marks as guides to cut out the two pieces. You'll need scissors or an exacto blade to cut around the top of the apple. Use a hole punch for the ribbon hole at the top of the ruler.
3. Use a glue pen to place a thin line of glue around the right, left and bottom of the apple piece. **DO NOT GLUE THE TOP!**
4. While the glue is still wet, place the apple piece on top of the ruler piece, making sure all edges and corners line up. Press firmly, and allow to dry.
5. Loop a ribbon through the hole in the top of the ruler, and insert a gift card in the pocket between the apple and the ruler. Bestow your gift!
